Message from Chairman & Managing Director

Dear Stakeholders,

We are pleased to share the Business Highlights and Ongoing Projects for October and November 2025. This period has seen steady progress in operations, improved internal coordination, and efforts to strengthen our framework. Having reached a one-year milestone under new management, Sea Blue Shipyard proudly reports a total turnover of ₹41.97 crores for the year, reflecting sustained growth.

It is with great pride that we share the recognition conferred by Union Minister, George Kurian, for our successful and timely execution of the slipway cradle project for FSI.

During these months, we maintained a stable workflow across repair and refit projects, with an expected Q3 (Oct - Dec) turnover of 16.67 crores. Key project completions include ICGS Anagh and INS Neelam, while ongoing projects like ICGS Savithri Bhai Phule and private vessel, Ubaidulla are progressing as scheduled.

We are pleased to announce SBSL's registration with the Directorate of Fleet Maintenance, Naval Headquarters & Ministry of Defence for SR/NR/MR refits of Indian Navy's FAC and Tarangini-class vessels. Recent discussions reinforce our commitment to quality. Looking ahead, new orders like the L&T Kattuppally work and Jack-up Rig assignments of CSL are expected for this quarter.

Recent meetings were held with Mr. Sanal Peter, General Manager (Ship Repair), and the AGM-Commercial and AGM-Planning of CSL to explore opportunities for securing additional work in ISRF. Additionally, our ongoing collaborations with strategic partners and government agencies, including discussions with District Commander DIG Ashish Mehrotra of District Headquarters (Kerala & Mahe) and CSL Director (Technical) Mr. Rajesh Gopalkrishnan, have promised new opportunities.

Our focus remains on increasing productivity, improving cost efficiency, and strengthening process controls across all departments. We've also made significant strides in Human Resource Management by adding an expert HR team. On the infrastructure side, we've begun upgrading key facilities, including yard infra development, slipway telescopic shed, equipment enhancements, and safety protocols to build a more resilient and future-ready operation.

We are greatly looking forward to the launch of the ambitious project of Indian Naval Warship Kabra, scheduled for January 2026.

As the year ends, we sincerely appreciate your trust and cooperation. With new turnkey opportunities ahead and a strong foundation, the coming year promises greater progress, stability, and excellence for Sea Blue Shipyard.

Thank you for your continued support.

Manoj Prabhu

Chairman & Managing Director
Sea Blue Shipyard Ltd.

Message from Deputy General Manager (Business Devt.)

As we conclude the Oct–Nov period, it is a moment of pride and reflection for Sea Blue Shipyard Limited, as the new management completes its first year of operations—marked by decisive improvements, renewed strategic direction, and accelerated infrastructural and business growth. Over the past year, SBSL has reinforced its position as a dependable and forward-looking shipyard, capable of executing complex defence and commercial projects with precision, quality, and professionalism.

This year witnessed several landmark achievements. SBSL successfully completed 04 Indian Naval ship refits, including the historic airbag docking of FB Pradayak—the first time in India's defence history that a naval vessel was both docked and undocked using the airbag method. This accomplishment not only showcased our technical expertise but also strengthened the Navy's confidence in SBSL's capabilities.

Equally significant was the completion of 05 FPV-class vessel refits within a single year, a record for SBSL and a testament to the efficiency, coordination, and enhanced work practices introduced by the new management.

Another milestone was the successful turnkey refit of the Shipping Corporation of India vessel SS Kama at the International Ship Repair Facility (ISRF) of Cochin Shipyard Ltd. This was the first instance where CSL entrusted an entire vessel refit to an external agency in turnkey, and SBSL delivered the project within record time, setting a new benchmark for execution excellence at ISRF. We additionally completed the new cradle fabrication for the Fisheries Survey of India (FSI), further diversifying our technical portfolio.

With a decade of experience at SBSL, I am as Dy General Manager (Business Devt.) proud to state that the shipyard now has 07 vessels in the confirmed pipeline, effectively securing our slipway occupancy until (next 08 months) July 2026. This is a remarkable transformation from earlier years, when the yard awaited for subsequent orders for months after completing each refit.

Looking ahead, SBSL is poised for one of its most prestigious assignment, the ₹30 crore refit of Indian Naval warship INS Kabra, scheduled to commence in early January 2026. This project, valued at 03 times our previous highest contract, signifies a major leap in our business scale. We have also secured registration for Short, Normal, and Major refits of FAC-class vessels, as well as the Indian Navy's sail training ships INS Tarangini and INS Sudarshini.

Each of these accomplishments and the achieved targets are a strong indicator of SBSL's rising trajectory and brings us steadily closer to achieving our CMD's Vision 2030.

Lt. CA Thomas (Retd.)

Deputy General Manager – Business Devt.
Sea Blue Shipyard Ltd.

Message from Deputy General Manager (Operations)

The past two months have been a significant and progressive phase for Sea Blue Shipyard. The organisation is undergoing a positive transition, with new members joining the team and responsibilities being realigned to strengthen operational effectiveness. This healthy churning is creating fresh energy across the yard, and we are placing renewed emphasis on human resource development, technical skill enhancement and personality grooming to build a future-ready workforce.

I am pleased to report several key achievements during this period. We have successfully completed the turnkey refit of the GSI Research Vessel Samudra Shaudikama at ISRF, CSL – an accomplishment that highlights our ability to execute complex, integrated projects in partnership with Cochin Shipyard Ltd. Additionally, the refit of ICGS Anagh was completed ahead of schedule. The vessel's post-refit trials demonstrated speeds comparable to its commissioning performance, reflecting the precision, discipline, and quality of work delivered by our teams.

As we move forward, our focus remains on building capabilities and upgrading infrastructure to cater to the growing requirements of the Indian Navy, Indian Coast Guard, and commercial segments. We remain committed to delivering high-quality and timely refits, maintaining the standards that customers expect from SBSL.

Our ongoing refit portfolio continues to demonstrate the trust placed in our expertise:-

- FC Neelam, which underwent extensive steel renewal, has been successfully undocked and is now progressing into the final phase of refit.

- The refit of the private vessel Ubbaidulla has commenced following balloon docking for its underwater package at SBSL.

- ICGS Savitri Bai Phule has completed its prerefabricated trials and is docked in the yard for ERDD work.

- Preparatory activities for the Normal Refit of INS Kabra are well underway, with the vessel having completed its Pre-refit sea trials.

Sea Blue Shipyard remains recognised for its core strengths – precision in quality and reliability in timely execution. The positive feedback from respected institutions underscores our unwavering commitment to excellence, integrity, and customer satisfaction.

Looking ahead, we remain open to collaborating and partnering with like-minded shipyards and stakeholders. By combining capabilities and sharing expertise, we can collectively elevate the standards of India's ship repair and shipbuilding industry.

Let us continue to build on our collective strengths, uphold accountability and sustain the spirit of teamwork that defines Sea Blue Shipyard. Together, we will steer the organisation toward greater success and new benchmarks in the coming months.

K. Rajesh Kumar

DGM (Operations)
Sea Blue Shipyard Ltd.

Message from the Manager – Admin

This month marked a major step in our journey toward modernization and efficiency. The administration yard has been transformed with renovated offices, improved cleanliness, and upgraded amenities, creating a more inspiring and efficient workplace.

The administrative block now features modern interiors, ergonomic furniture, and better lighting. A thorough cleanliness drive—covering waste removal, pest control, and sanitation upgrades—has improved overall hygiene, supported by regular maintenance.

These developments reflect a cultural shift toward professionalism, efficiency, and employee well-being. More than a renovation, this upgrade shows our commitment to our people, our processes, and our future, inspiring greater pride and productivity across the organization.

Nithesh

Manager – Admin

Sea Blue Shipyard Ltd.

Message from the Purchase Manager

During the months of October and November, the Purchase Department focused on ensuring uninterrupted supply, strengthening vendor coordination, and improving cost efficiency across all projects. We streamlined our procurement processes, supported critical operations with timely material delivery, and worked closely with departments to meet project timelines.

These months also marked steady progress in contract finalisation, vendor performance reviews, and strengthening our inventory planning. Our goal remains to maintain quality, reduce delays, and drive value through every purchase decision.

I thank all teams and our vendor partners for their continued cooperation and commitment. Together, we look forward to sustaining this momentum in the coming months.

Vivek Pai

Manager – Purchase

Sea Blue Shipyard Ltd.

Message from the Manager – Store

As we continue our rapid expansion—both in scale and quality the responsibilities of the Stores Department have increased considerably. With higher project demands, efficient material management has become more crucial than ever.

The department is committed to maintaining this pace of development, which calls for additional storage space, improved inventory systems, and the adoption of modern techniques. By enhancing storage capacity and introducing updated processes, the team can better support operations, ensure timely supply, and uphold the quality standards required during this growth phase.

Niju Poullose

Manager – Store

Sea Blue Shipyard Ltd.

Insights from Production

The Production Department continues to demonstrate strong and consistent operational momentum, effectively managing a wide spectrum of ship repair and engineering fabrication projects. Our unwavering commitment to timely execution, precision workmanship, and the highest safety standards remains central to our operations. A summary of the key projects currently underway or recently completed at the yard is provided below.

Ship Repair Projects

ICGS Anagh – Fast Patrol Vessel

- Owner: Indian Coast Guard
- Work Done: Short Refit
- Work Period: 02nd Aug 25 to 31st Oct 25
- Completion Status: 100% Completed

ICGS Anagh, a fast patrol vessel of the Indian Coast Guard, recently underwent a short refit package. The scope of work included critical underwater maintenance activities such as hull inspection, full

paint scheme renewal, cathodic protection renewal, minor hull plating renewal, and other essential afloat repair tasks required to maintain the vessel's operational readiness.

The project has been successfully completed, and the vessel was delivered ahead of schedule. During sea trials, the vessel achieved maximum speed parameters comparable to those recorded during commissioning, demonstrating our commitment to supporting the Indian Coast Guard's mission readiness through high-quality and timely refits.

The production department remains focused on quality, precision, and client satisfaction.

ICGS Savitri Bai Phule – Fast Patrol Vessel

- Owner: Indian Coast Guard
- Work Done: Special Package for ERDD
- Work Period: 24th Nov 25 to 31st Dec 25
- Completion Status: 10% Complete

ICGS Savitri Bai Phule, a fast patrol vessel of the sarojini-class under the Indian coast guard, recently entered a 45-day emergency dry-docking schedule. The vessel was docked to undertake its five-yearly waterjet routines. The scope of work includes critical

underwater maintenance activities such as hull inspection, renewal of cathodic protection systems, minor hull plating repairs, and other essential afloat tasks required to maintain the vessel's operational preparedness.

Currently, approximately 10% of the repair activities have been completed. For the first time in sbsl's history, the vessel was successfully docked in the early hours of 25 Nov 25, achieving a zero-error docking operation. The project is progressing smoothly and is on course to be completed ahead of schedule. The timely and successful completion of ICGS Savitri Bai Phule will further reinforce our commitment to supporting the Indian Coast Guard's mission readiness through dependable and efficient ship repair services.

FC Neelam – Ferry Craft

- Owner: Naval Ship Repair Yard
- Work Done: Short Refit
- Work Period: 15th Aug 25 to 15th Dec 25
- Completion Status: 70% Completed

FC Neelam is a 218-ton ferry craft designed to transport personnel and materials to ships at anchor and at berth. The major works in the refit include extensive hull and superstructure plate renewal, with approximately 12 tons of plate renewal completed to date. In the engineering section, major tasks include

the 1500-hour routine maintenance of the main engines, 400-hour routines of the DG sets, gearbox routine maintenance, pump overhauling, motor overhauling, compressor overhauling, underwater painting, and rudder and propeller works. Approximately 75% of these overhauling tasks have been completed. We aim to complete all remaining works before the planned completion date.

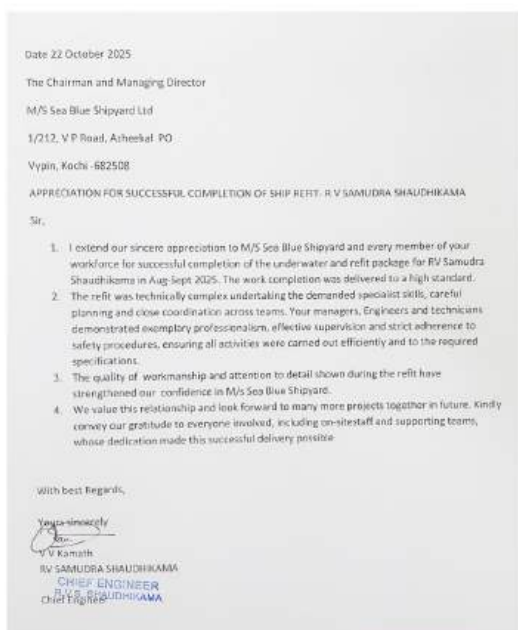

MV Ubaidulla – Cargo Vessel

- Owner: A & N Logistics
- Work Done: Short Refit
- Work Period: 13th Nov 25 to 27th Dec 25
- Completion Status: 30% Completed

MV Ubaidulla is a 960-dwt cargo vessel designed to transport materials between ports. The major works in the refit include blasting, painting, plate renewal, propeller works, and renewal of pipelines and valves. Currently, approximately 30% of the repair activities

have been completed. The vessel was successfully balloon-docked on 12 Nov 25. The project is progressing smoothly and is on course to be completed ahead of schedule.

Project Testimonials

Appreciation received from Chief Engineer, V V Kammath of the Shipping Corporation of India – for successful completion of RVS Shaudhikama, Underwater and Refit package.

Successfully completed the fabrication, erection, and commissioning of a 250-ton slipway cradle at Sea Blue shipyard.

SBSL Approved for SR/NR/MR Refit Operations

Sea Blue Shipyard Ltd., Kochi has been officially registered by the Directorate of Fleet Maintenance, Naval Headquarters & Ministry of Defence for undertaking fully offloaded SR/NR/MR refits of Indian Navy, FAC Class vessels & INSV Class vessels, valid for three years from 21 Oct 2025.

Highlights of the Month

The Production Department continues to maintain strong momentum, overseeing a diverse range of ship repair and engineering fabrication projects. Our emphasis on timely execution, precision workmanship, and uncompromising safety standards remains the foundation of our operations. Presented below are key projects currently in progress or recently completed at the yard.

Neelam Hull Survey by NSRY

The Neelam Hull Survey was performed by NSRY at the Sea Blue Shipyard on October 4th, ensuring the vessel's structural integrity and seaworthiness.

SBSL Attends Coast Guard Conference on Collaborative Fleet Support

SBSL participation in Conference on "Collaborative Fleet Support" at Coast Guard Headquarters, New Delhi.

Refit Progress Meeting at SBSL (Oct 8th)

On October 8th, 2025, a Refit Progress Meeting was held at SBSL, attended by DGM(PR) Captain Ahmed Rafiq and LtcdR Kulwant Singh, Manager (YCM), from NSRY. The meeting focused on reviewing the progress of the ongoing ship refit project.

Minister George Kurian Honors SBSL CMD for FSI Slipway Project Completion

Union Fisheries Minister, George Kurian presented a memento to SBSL CMD Manoj Prabhu, recognizing the company's successful and timely completion of the Slipway Cradle project for the Fisheries Survey of India.

Official Visit to Timber Pond, Chennai

Lt. C.A. Thomas, DGM (Business Devt.), and Cdr. Rajesh Kumar, DGM (Operations), undertook an official visit to Timber Pond, Chennai, accompanied by Officer-in-Charge Timber Pond, Cmdt. S.N.M. Patnaik.

Lt. CA Thomas and K. Rajesh Kumar with L&T Kattupalli Management

Lt. CA Thomas (IN.Retd) and K. Rajesh Kumar held a meeting with Rear Admiral Harish, Head of L&T Kattupalli, and other senior management members of L&T.

Kochi Shipbuilding Summit - 2025

Kochi Shipbuilding Summit was held on October 22, 2025, as part of India Maritime Week 2025. The event focused on Collaboration, Innovation, and Investment to steer India's shipbuilding industry toward the vision for 2047. The event was attended by the DGM (Business Devt.) & DGM (Operations) of SBSL.

ICGS Anagh REFCOMP meeting

ICGS Anagh REFCOMP meeting was successfully held at Sea Blue Shipyard to finalize the short refit, confirm operational readiness, and ensure high quality standards for the Indian Coast Guard.

Key Leaders from SBSL Visit Cochin Shipyard Ltd.

A business visit to Cochin Shipyard Ltd. (CSL) brought together leaders including CSL's GM (Ship Repair) Mr. Sanal Peter, AGM (Commercial), and AGM (Planning), and SBSL's delegation: CMD Mr. Manoj Prabhu, Lt. CA Thomas (Retd) DGM (Business Devt.), and Mr. K. Rajesh Kumar DGM (Operations).

Sagar Kiran Jack-up Rig Visit

A visit was conducted to the ONGC Sagar Kiran Jack-up Rig while it is undergoing work at Cochin Shipyard Limited (CSL). The inspection focused on observing this large mobile offshore drilling unit, emphasizing the major role CSL plays in maintaining critical assets for India's oil and gas sector.

Contract signing at RHQ West Mumbai

A contract signing ceremony was held in Mumbai on November 12, 2025, for an Indian Coast Guard vessel. The contract was formally handed over by CSO Refit, RHQ West, DIG Shashi Bhushan, to Lt CA Thomas (Retd), Deputy General Manager of SBSL.

SBSL Engineers at IPVS Expo

Engineers from Sea Blue Shipyard (SBSL) recently attended the IPVS Expo in Chennai, where they explored new industry advancements, connected with sector leaders, and highlighted SBSL's ship repair and engineering capabilities.

Industrial Visit by Udyogmithra Group

On November 21, 2025, 25 students and 4 faculty from the Diploma in Ship & Rigger Technology department of the Udyogmithra Group, Thrissur, completed an industrial visit for practical exposure.

Visit to District Headquarters

During a formal Call On visit to the District Headquarters for Kerala and Mahe, our team—led by the CMD, DGM Business Devt., and DGM Operations—had the honor of meeting District Commander DIG Ashish Mehrotra. The visit helped strengthen cooperation and discuss key operational and strategic matters.

Discussion with CSL Director Technical

A productive meeting was held with CSL Director Technical Mr. Rajesh Gopalkrishnan, along with Mr. Manoj Prabhu, CMD and Lt. Cdr. Thomas (Retd.) of SBSL, to discuss collaboration and upcoming opportunities.

Meeting with DIG Nishant – CSO Refit Chennai

A meeting was held with DIG Nishant, CSO Refit Chennai, along with Lt. Cdr. Thomas (Retd.), DGM (Business Devt.) and Cdr. K. Rajesh Kumar, DGM (Operations) of SBSL, to discuss ongoing and future business opportunities.

Message from Human Resources

It gives me great pleasure to address you through this edition of our company magazine. I am truly honored to join M/s. Sea Blue Shipyard Ltd., Kochi as the Head of Human Resources, and I look forward to work closely with each one of you as we embark on an exciting phase of growth and transformation. Through my experience in the HR profession, I have learned that

an organization's real strength lies in its people – their passion, commitment, and their ability to collaborate towards a shared purpose. Over the past few days, I have already witnessed these qualities across our workforce, and it reinforces my belief that M/s. Sea Blue Shipyard stands on a strong foundation of talent and dedication.

As we look to the future, HR will focus on strengthening employee engagement, enhancing workplace culture, and introducing progressive practices that support both individual and organizational growth. Transparent communication, continuous learning, leadership development, and inclusiveness will guide our approach. My commitment is to foster a workplace where every employee feels valued, respected, and motivated. I encourage you to share your ideas and suggestions openly, as your participation is vital in shaping our way forward.

Together, let us embrace new possibilities, build on our strengths, and achieve milestones that reflect the collective spirit of Sea Blue Shipyard Ltd. The HR Department extends warm greetings to all employees. As the organization advances in its strategic goals, HR remains committed to fostering a high-performance culture built on fairness, transparency, and continuous improvement. This year, we focused on strengthening HR systems, enhancing skills, and providing career-aligned opportunities for every employee. We believe true success comes when our people are motivated, empowered, and engaged. We sincerely appreciate the unwavering commitment and dedication of all employees.

Moving forward, HR will continue to introduce initiatives that support employee welfare, promote professional excellence, and strengthen the values that define Sea Blue Shipyard Ltd. Our employees are not just part of the organization—they are the heart of its journey. This year, HR has focused on building a culture where ideas are welcomed, growth is encouraged, and every individual feels valued. We remain committed to creating a workplace where talent thrives, collaboration grows, and every voice is heard. To all our employees—thank you for your dedication, teamwork, and the pride you bring to our shipyard each day.

At Sea Blue Shipyard Ltd., our people are at the core of every achievement. As we continue to grow and strengthen our industry presence, HR remains committed to fostering a workplace that encourages collaboration, professional development, and employee well-being. We sincerely appreciate the hard work, dedication, and continuous contributions of all team members, which drive innovation and excellence across our operations. Moving forward, HR will work closely with all departments to strengthen our talent pool, promote continuous learning, and uphold the standards that make Sea Blue Shipyard Ltd. a great place to work.

Together, let us continue to build a future rooted in integrity, teamwork, and shared success.

Sreekumar

Head – Human Resource

Sea Blue Shipyard Ltd.

Celebrating Excellence – Reward & Recognition

Chairman & Managing Director Mr. Manoj Prabhu, Deputy General Manager – Lt. CA Thomas (Retd) and Deputy General Manager (Business Devt.), Mr. K. Rajesh Kumar; recognized the dedication and talent of our outstanding employees.

Mr. Sreenath P K
Mechanical Fitter

Mr. Minson
Safety Trainee

Mr. Snubin P S
Mechanical Fitter

Employee of the Month

Chairman & Managing Director, Mr. Manoj Prabhu, Deputy GM, Lt. CA Thomas (Retd.) and Mr. K Rajesh Kumar, DGM Operations recognized the Employees of the Month for Oct & Nov. Congratulations to all for achieving this milestone!

Employee of the month – Oct' 25

Mr. Muhammed Jasim – Assistant Engineer
was recognized for his outstanding
performance & valuable contribution

Employee of the month – Nov' 25

Mr. Baburaj V G – Fabricator was
recognized for his dedication &
technical expertise

Training Program at SBSL

Dr. Siju Thottapilly conducted a one-day workshop for Engineers and Supervisors at Sea Blue Shipyard, offering professional development and practical insights for the shipyard's leadership and technical teams.

Happy Birthday to our **Amazing Team**

Sea Blue Shipyard extends its warmest wishes to all employees celebrating their birthdays in Oct and Nov. We appreciate your hard work and dedication, and wish you a year ahead filled with health, happiness, and continued success!

Mr. Sunil KB

Mr. Joseph MB

Mr. Anoons Paul

New Employees **Onboard**

Mr. Manoj M
Civil Engineer

Ms. Akshaya Praveesh
Jr. Engineer

Send-Off **Ceremony**

Sea Blue Shipyard Ltd. gave a send-off to Jasim MV Assistant Engineer from the Commercial Department.

Retirement **Function**

We conducted a retirement function for Mr. Sunil K.B., Welder, to honor his dedicated service and contributions.

We stand fearless because they fly fearlessly. **A salute to the Indian Air Force.**
