Message from the Chairman & Managing Director

Dear Stakeholders,

I am thrilled to announce that we have achieved our highest-ever turnover in Q4 of FY 2024-25 (Jan-Mar 2025), with an impressive growth of 290% compared to the previous Q4 of FY 2023-24. This outstanding accomplishment follows the formation of our newly Elected Board and is the result of strategic cost control, optimized resource utilization, and the relentless dedication of our team members across all departments, who worked tirelessly to turn our shared unified vision into reality.

In addition to this financial milestone, SBSL has successfully completed the Balloon Docking for the Naval Vessel 'FB Pradayak,' making us the first-ever shipyard to dock a Naval ship using balloons. This groundbreaking achievement has positioned us as pioneers in the industry and has opened doors for extended collaborations with Indian and Chinese companies to facilitate similar opportunities.

To further strengthen our organizational culture and operational efficiency, I am actively conducting regular meetings and interactions with employees, officials of the Indian Navy, Coast Guard officials and our Product Suppliers. These engagements aim to enhance work scheduling with defined timelines, explore new revenue streams, and build extended associations to unlock business opportunities. Additionally, we are continuously working on cost optimization strategies and identifying potential partnerships that will drive long-term growth and sustainability for the company.

I sincerely appreciate your trust and support. Your confidence in my leadership has been instrumental in these achievements, and I look forward to our continued success together.

Best Regards

Manoj Prabhu

Chairman & Managing Director

Sea Blue Shipyard Limited

Message from Senior Manager - Business Development

The past three months have been exceptionally progressive for Sea Blue Shipyard Ltd. (SBSL), marked by significant achievements and strategic advancements. Our CMD and leadership team had meetings with senior officials from the Indian Navy and Coast Guard, received commendations for our long-term vision and unwavering commitment to excellence.

A historic milestone was achieved on 28th Feb 2025, with the successful Air Bag Docking of Indian Naval vessel FB Pradayak—the first-ever defense vessel docked in India approved by Naval Headquarters, New Delhi. This achievement garnered widespread media attention, further showcasing our technical expertise.

Another major success was the independent docking of ICGS Apoorva, the first FPV-class vessel SBSL has docked in eight years. Additionally, we had meetings with leading Original Equipment Manufacturers to enhance work efficiency, quality, and client satisfaction, directly boosting turnover and profitability.

Ongoing discussions with the Goa Shipyard for ship construction and with the Indian Coast Guard for FPV-class vessel docking in Chennai will expand our presence in the eastern and western region. Recently, SBSL completed refits of ICGS Achook and WB Pamba ahead of schedule.

The company also experienced a remarkable historic increase in this financial year's 4th-quarter turnover, doubling previous higher figures since the last 20 years. With cost-cutting policies, we are on track to further increase profitability. Supported by our Group Companies and the Indian Navy and Coast Guard, Sea Blue Shipyard Ltd is progressing rapidly toward our Vision 2030 goal of ₹1000 crore turnover.

Lt. CA Thomas (Retd)

**Senior Manager Business Development
Sea Blue Shipyard Limited**

Message from Manager - Purchase

Our team has been supporting various departmental needs, including critical equipment, raw materials, and consumables, ensuring timely and efficient acquisitions to sustain smooth operations. Through proactive planning and strong supplier coordination, we have minimized delays.

Key Procurements:

- **Project Balshil:** Spares for the Main Engine, DA, propulsion system parts from the Netherlands, and marine paints from Jotun India Pvt Ltd.
- **Project Apoorva:** Marine paints from PPG Asian, AH 36 plates certified by IRS for Coast Guard refit, and critical propulsion system spares.
- **Project Pamba:** Main engine spares.
- **Project FSI Cradle:** 42 tonnes of steel from SAIL for fabrication.
- **Project FB Pradayak:** Marine paints from PPG Asian.

We are focused on enhancing procurement efficiency, exploring sustainable sourcing, and strengthening our supplier network for future projects.

Francis S Pulickal
Manager - Purchase

Message from CFO

As referenced in our previous update, we continue to focus on enhancing financial performance and optimizing working capital utilization.

As of date, we have billed ₹20 Crores, and we expect to close the Financial Year with a turnover exceeding ₹25 Crores.

The improvement in billing has strengthened Cash Flow Management, ensured timely Vendor Payments, and reduced dependency on external borrowings. Our working capital facilities have been effectively utilized, enabling smooth operations while maintaining financial discipline.

Looking ahead, we remain committed to Cost Control, Process Efficiency, and leveraging Technology to strengthen our financial position.

Abdul Samad E S
Chief Financial Officer

The Creation of History - First Approved Balloon Docking of a Naval Vessel in the Country

For the first time, the Directorate of Naval Headquarters (DNA) in New Delhi has granted official approval for the docking plan of a defense vessel, specifically an Indian Navy and Indian Coast Guard ship. This approval pertains to the Indian Naval Vessel FB Pradayak, marking the inaugural official Airbag Docking of a defense vessel in India.

Project Testimonial

Refit of WB Pamba of Indian Navy completed successfully and handed over to NSRY 3 days prior to the scheduled date

“

We would like to inform you that WB Pamba Master and the crew are highly satisfied with the refit work completed by Sea Blue Shipyard Ltd. The hard work put in by your staff is greatly appreciated.

”

**-Mr. Siva Prasad Tk
Master WB Pamba**

Ongoing Projects

Ship Repair on a War Footing: Advancing with Excellence

At Sea Blue Shipyard Ltd, our Production Team is operating at its peak efficiency, brimming with defence vessels undergoing major repairs and maintenance. Each day, we push boundaries, setting new benchmarks. The highlight of our recent achievements has been the successful balloon docking of FB Pradayak, marking a historic first for the Indian Navy and the Nation.

Ongoing Projects and Key Developments

FB PRADAYAK

FB Pradayak – Pioneering Balloon Docking

The balloon docking of FB Pradayak at our Slipway was a significant milestone. The balloon docking method ensures safer, faster, and more efficient repairs for naval vessels. Currently, underwater works are progressing steadily, with 5% of the work completed.

SRP BALSHIL

Tug Balshil – Nearing Completion

The final undocking of SRP Balshil has been successfully executed, and the afloat repairs are in progress. With 90% of the work completed, the project is in its final stages, emphasizing our ability to deliver quality repairs within stringent timelines.

ICGS APOORVA

ICGS Apoorva – Preparing for Undocking

ICGS Apoorva is in its First phase of repairs, progressing towards undocking. With 75% of the work completed, our team is meticulously working to ensure the timely delivery of vessel.

FSI CRADLE FABRICATION

Fishery Survey of India (FSI) Cradle Fabrication

Beyond defence projects, our expertise extends to structural fabrications and civil work being done at our facility. The FSI Cradle Fabrication and related civil works are progressing efficiently, with 56% of the work completed.

With every successful ship repairs, and every groundbreaking achievement, Sea Blue Shipyard Ltd is solidifying its position as a leader in ship repair and maintenance, ensuring that every vessel entrusted to us sails forward with strength and reliability.

Insights from Production

At Sea Blue Shipyard Ltd, our production team is operating at peak efficiency, with the shipyard bustling with defence vessels undergoing crucial repairs and maintenance. Our dedication to excellence drives us to push boundaries every day, setting new standards in ship repair and engineering.

One of our most groundbreaking achievements has been the successful balloon docking of FB Prathayak, a first in the history of the Indian Navy and the nation. This innovative docking method, which uses inflatable balloons to lift and position the vessel, represents a significant leap forward in efficiency, safety, and precision in ship maintenance. The approval from the Indian Navy for this docking technique is a testament to our shipyard's technical expertise, innovation, and ability to handle complex projects. This milestone not only enhances our reputation as a leader in ship repair but also paves the way for advanced docking solutions in India's maritime industry.

Abey Mangalath Antony
Deputy Manager - Production

Highlights of the Month

Monthly meetings are conducted by the Chairman & Managing Director, Mr. Manoj Prabhu, and the Senior Manager of Business Development, Mr. CA Thomas, in the maritime industry.

Our CMD, Mr. Manoj Prabhu's visit to Naval Ship Repair Yard, Kochi

Meeting with CMD & Captain Lejo Francis George at Naval Ship Repair Yard, Kochi

Our CMDs meeting with Captain George Mathai, DGM, Planning & Commercial at Naval Ship Repair Yard, Kochi

General Manager, Commodore Shishir Shashikant Dixit, Welcomes our CMD at Naval Ship Repair Yard, Kochi

Our CMD with Commander Aneesh SS

Meeting of CMD Mr. Manoj Prabhu and Coast Guard Refit and Production Superintendent, DIG Mr. Nisanth S at Coast Guard Refit and Production Team Office, Kochi

Meeting with CMD and Captain Ajith P Nair & Lejo Francis George at NSRY Kochi Office

District Commander, Southern region, DIG N Ravi welcomes our CMD with floral bouquets at Indian Coast Guard Headquarters

The Very First Balloon Docking of Naval Vessel Pradayak on March 1st 2025

Industrial visit at SBSL from the Department of ECE, Sri Sivasubramaniya Nadar College of Engineering, Kalavakkam, Chennai, on 27th Feb

Meeting with CMD and Mr. Karthik Job - Managing Director, Sunitha Sales and Service

Farewell Award Presented to Electrical Engineer Ms. Meenu by Senior Manager of Business Development, Mr. CA Thomas, at Sea Blue Shipyard Ltd.

Report From HR Department

At the Sea Blue Shipyard, we prioritize Social Responsibility through initiatives focused on Employee Wellness and Corporate Social Responsibility.

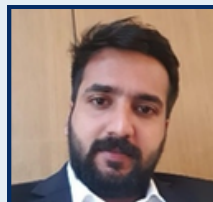

On 12/03/2025, we hosted an in-house Wellness Program in collaboration with Susruta Eye Hospital, offering visual acuity screenings, computerized eye tests, and glasses fitting. The event saw 135 registrations, and employees' families were invited to utilize the hospital's services for the following two weeks.

Our Campus Connect Programs bridge the gap between students, alumni, and the community, offering networking, mentorship, and skill-building opportunities. We partner with Engineering Colleges for Industrial Visits and Internships, allowing students to learn about Shipbuilding and refit. They also engage with experienced engineers, gaining insights into Shipyard Operations. Additionally, we foster a sustainable talent pipeline by collaborating with local welding institutions to provide opportunities for skilled workers.

New Employees Onboard

Balakrishnan P S
CFO

Nandu Chandra Mohan
Company Secretary

Vision 2030: Charting a Sustainable Course Toward Maritime Excellence

Vision 2030 : A transformative journey to unlock the full potential of Sea Blue Shipyard Limited through strategic resource management, infrastructure expansion, and smart investments. A well-structured and organized business portfolio designed to drive efficiency, maximize growth, and achieve our ambitious objectives.

Sustainable Employee Engagement Programs

In keeping with our Commitment to Community Health and Employee Well-Being, Sea Blue Shipyard Ltd. hosted a comprehensive Eye Camp in Collaboration with Susruta Eye Hospital . The event, held from 9:30 am to 4:30 pm, offered free eye consultations and screenings to employees, their families, and the wider community.

Renowned specialists, Dr. Anil Kumar K. Nambiar, an Anterior Segment Surgeon and Dr. Anuradha A. Nambiar, a Consultant Ophthalmologist led the camp, providing personalized care to each participant. The event was efficiently managed by Mr. Pramesh Rajagopal, Business Development Executive at Susruta Eye Hospital, with support from Ms. Jismi, Ms. Sreeniba, and Ms. Ashna, who conducted the eye checks. Mr. Yadhu C.M. managed the registration process. With 134 individuals registered and receiving valuable eye care, this initiative underscored Sea Blue Shipyard Ltd.'s dedication to promoting health and wellness within the community.

Celebrating Birthdays

We value celebrating birthdays and creating an inclusive, welcoming atmosphere. Our CMD personally connects with employees during these celebrations, making them feel appreciated. These moments help build strong relationships, lift morale, and show our commitment to a supportive and collaborative workplace.

Happy Birthday to Our Amazing Team

Women's Day Celebration at SBSL

At SBSL, we celebrated the remarkable contributions of women in our workplace and beyond on this special day. It was an opportunity to celebrate the strength, talent, and dedication of all the women who play a crucial role in shaping our success. We believe in empowering women, and the celebration was a reminder of our commitment to equality, respect, and opportunity for all. Let's continue to support and uplift each other every day

Happy International Women's Day
