Message from the Chairman & Managing Director

Dear Stakeholders,

I am proud to share our vision for revitalization and sustainable growth. Since November 15th, my focus has been on fostering a culture of collaboration, transparency, and accountability.

Recognizing our employees as our greatest asset, we've transitioned to a participative model, ensuring every voice is heard. This shift has strengthened morale and created a unified team aligned with our shared vision.

To address financial challenges, strategic funding has been secured, allowing us to manage operations while preparing for future growth. Our skilled professional team is ensuring efficiency and accountability in utilizing these funds. We are in active discussions with ICICI Bank, Federal Bank, IDBI Bank, and Axis Bank to secure funding for our future projects.

We are actively restructuring our systems to streamline processes and implement cost-control measures as part of our Revenue Enhancement Plan, aligned with our Vision 2030 strategy. This strategy aims to expand our ventures, unlock new opportunities, and foster wealth creation for our shareholders.

SBSL has been accredited with the FPV certification which is valid until July 15, 2027; this highlights our adherence to industry standards and operational excellence. This certification is a significant milestone, reflecting our capabilities and commitment to meeting stringent requirements in the shipping industry. Alongside this achievement, the addition of enhanced infrastructure, including state-of-the-art storage facilities for critical materials, further boosts our operational efficiency. Moreover, our consistent follow-up helped secure the approval for balloon docking from the Navy, marking a new milestone in innovative maritime operations. These advancements position us as a reliable partner in the shipping sector, enabling us to deliver exceptional value while striving toward innovation and growth.

Thank you for your trust and support.

Warm regards,

Manoj Prabhu

CMD

Sea Blue Shipyard Limited

Message from Senior Manager – Business Development

Exciting times are unfolding at Sea Blue Shipyard Ltd., with the last two months marking a period of transformative growth and new opportunities, particularly with the Indian Navy and Coast Guard. Our new management team has played an instrumental role in driving this progress, bringing fresh perspectives and a dynamic approach. With their vast expertise in business management, strategic decision-making, and financial planning, they are guiding us toward becoming a world-class shipyard.

As we approach 2025, our project lineup is stronger than ever. We have secured several prestigious Coast Guard vessel assignments, including the repair and maintenance of AB Urja Shrota, ICGS Apoorva, Amal, and Anagh, along with the Navy vessel FB Pradayak. These significant projects highlight our growing expertise and trusted reputation in shipbuilding and repair. We are also awaiting results on tenders for five Interceptor Boat-Class vessels and one Fast Patrol Vessel.

Our commitment to quality and innovation extends into our research and development efforts, such as the indigenisation of sail ropes for INS Tarangini and Sudarshini, positioning Sea Blue Shipyard as a leader in supplying high-quality, locally-produced components. Additionally, we are expanding our capacity to manage multiple ship refits simultaneously, ensuring that we meet the growing demands of our clients. Together, management's vision and our team's dedication will elevate Sea Blue Shipyard to new heights of excellence.

Lt. CA Thomas (Retd.)

Sea Blue Shipyard Ltd.

Message from Manager - Purchase

Enhancements in the Purchase Department Under New Management

The Purchase Department at Sea Blue Shipyard is achieving greater efficiency and excellence under the new management team. This transformation is enhancing internal operations and strengthening our collaboration with the Purchase Department of Prabhu Steels, fostering a mutually beneficial relationship.

Vendor Diversification

We've broadened our vendor network, improving flexibility, supply chain management, and ensuring timely delivery with higher quality standards.

Better Pricing from Suppliers

Collaborating with Prabhu Steels' procurement team has led to improved pricing, stronger supplier relationships, and cost-effectiveness without compromising quality.

Bulk Purchase Strategies

By implementing bulk purchasing strategies, we've optimized costs, ensured availability of critical materials, and minimized project delays, enhancing overall workflow.

Vendor Meetup Plans

We're planning a Vendor Meetup to strengthen relationships, foster open communication, and align on mutual growth.

These initiatives highlight our ongoing commitment to continuous improvement and innovation.

Francis S Pulickal
Manager - Purchase

Message from CFO

Dear Stakeholders,

I am pleased to update you on our progress and achievements as we continue our journey through FY 2024-25. Securing working capital has been a long-standing challenge for SBSL, often relying on director funding at higher interest rates. However, we have made significant strides this year.

- ₹5.10 crores: Secured working capital facility in October 2024
- ₹5.90 crores: Facility enhancement in December 2024 at a reduced interest rate
- ₹2.95 crores: Turnover from November to January
- 25 crores or more : Expected billing for FY 2024 -25, driven by key projects, even after our slipway was non-operational for 3 months (1 Quarter).

These accomplishments position us for continued growth, and I look forward to the opportunities ahead as we strengthen our foundation for financial independence.

Warm regards,

Abdul Samad E S
Chief Financial Officer

Insights from Production

The Production Department of Sea Blue Shipyard Ltd. has made great progress from November to January, with all projects running smoothly. Our clients, including the Navy and Coast Guard, are very happy with our work, showing our focus on quality and reliability.

This success can be attributed to our efficient team dynamics, where every member has played a crucial role in meeting deadlines and maintaining high standards. By consistently delivering on time and addressing client needs promptly, we've strengthened relationships with our customers, ensuring their continued trust and satisfaction. Our dedication to upholding stringent quality controls and meticulous attention to detail has been a cornerstone of our performance.

The continuous support from management has been vital in overcoming any challenges, enabling us to access the resources and direction needed to achieve these positive results. With this solid foundation, Sea Blue Shipyard Ltd. is well-positioned to continue expanding and solidifying its reputation as a leading name in the maritime industry.

Together, we are moving towards even greater success!

Abey Mangalath Antony
Deputy Manager - Production

HR Update: Celebrating Team Spirit

As we enter 2025, SBSL has laid the groundwork for its Vision 2030. In the past two months, SBSL held two major staff meetings featuring events like employee of the month, birthday celebrations, salary account updates, policy formulations, and growth initiatives for the Sea Blue family.

As part of our CSR efforts, we organised a Christmas Lunch for students of the Government Primary School, Vypin, during their Christmas celebrations and distributed Christmas cakes to families of the local neighborhood. The new management, led by our CMD, has introduced fresh energy and ideas to the organization.

Anoop Jophy

Manager - Human Resources

Sea Blue Shipyard Ltd has partnered with Dr. Gopalakrishnan J Prakash as a Management Consultant for Human Capital Management and Organization Development. With a PhD in Organizational Behavior and over 23 years of experience, Dr. Gopalakrishnan has worked with Fortune 500 companies and major Indian retail brands. He also serves on Academic Board of Studies and is a Guest Faculty at prominent educational institutions in South India. At the Sea Blue Shipyard, he bridges the Chairman & Managing Director, and Top Management, focusing on establishing best practices in the domain of Talent Acquisition and Management, People Capability Development, improving operational efficiency, and enhancing profitability.

Our Connection with the Community

As part of its ongoing social initiatives, SBSL had the honor of providing lunch to the students at Government Primary School in Vypin during their Christmas celebrations. This thoughtful gesture was designed to bring joy and create a sense of unity among the children, allowing them to come together and enjoy a festive meal. It was more than just a meal; it was an opportunity to spread holiday cheer and reinforce the importance of community support. The smiles on the children's faces were a testament to the positive impact of this initiative, and it highlighted SBSL's ongoing commitment to giving back to society. At SBSL, we firmly believe that supporting the communities in which we operate is a core responsibility. Such initiatives are deeply embedded in our values and mission, as we continue to work towards improving the lives of those in need and fostering a spirit of compassion and generosity.

Ongoing Projects

Here is an update on the current ship repair and general engineering projects underway at SBSL.

ICGS Achook, a Fast Patrol Vessel owned by the Indian Coast Guard, and SBSL started its Short Refit on 26-July-24 for M/s Krasny Defence. The vessel was dry-docked on 17-Aug-24 and un-docked on 23-Oct-24, with 90% of the refit work completed. Remaining activities are pending confirmation from M/s Krasny Defence.

ICGS ACHOOK

WB Pamba, the normal refit of a Water Barge, owned by the Indian Navy for NSRY (Kochi), began on 26-Sep-24. The vessel was dry-docked on 30-Oct-24, un-docked on 20-Dec-24, and the refit is now nearing completion.

WB PAMBA

SRP Balshil, a tug owned by the Indian Navy for NSRY (Kochi), began its short refit on 27-Dec-24. Dry docking and refit operations started on the same day, with un-docking scheduled for January 2025. The project is progressing as planned.

*CMD meeting with Dr. Sreenath KR, Director
General of Fisheries Survey of India*

SRP BALSHIL

The Fishery Survey of India (FSI) Cradle Fabrication project, launched on January 6, 2025, following the agreement between FSI and SBSL, is progressing with material arrangements underway. The 250T capacity cradle is in the initial stage, showcasing SBSL's expertise in both general engineering and ship refits.

Internship Program

18 students doing their BE , Marine Engineering students from Academy of Maritime Education and Training, Chennai, visited the SBSL on December 16, 2024.

Industrial Visit

"Stella Mary's College of Engineering, Kanyakumari: MBA Department visit with 30 students and 3 faculty members on 16 th December 2024

Vision 2030: Charting a Sustainable Course Toward Maritime Excellence

Vision 2030 reflects our aspiration to position Sea Blue Shipyard Limited as a trailblazer in the maritime industry, driving sustainable growth and operational excellence. Our roadmap integrates a multifaceted approach, including the establishment of a solar plant and the adoption of sustainable practices, to reduce our environmental impact. Infrastructure development remains a cornerstone of our vision, with strategic investments in slipway facilities and balloon docking capabilities to enhance operational efficiency and service offerings.

We are committed to building strong associations with prominent shipyards, private shipping industries such as Unique Aurus Ship Management, and expanding our portfolio to include ship maintenance projects along with Navy and Coast Guard projects. These collaborations are key to diversifying our revenue streams and improving cash flow. Empowering our employees through innovative practices, efficient resource utilization, and fostering a culture of creativity are integral to achieving our goals.

By focusing on cost control measures, strategic partnerships, and creating shareholder value, we aim to sustain continuous development and position Sea Blue Shipyard Limited as a leader in the global maritime industry, shaping a future of innovation, resilience, and excellence.

SBSL On Celluloid

The forthcoming film *Avarachen and Sons*, directed by Mr. Thampi under the banner of Magic Frames, is slated for release in April 2025. Starring Mr. Ganapathi and Mr. Sajan Palluruthy, the movie features three pivotal scenes shot at Sea Blue Shipyard Ltd. (SBSL). The Mechanical Workshop, Slipway Cradle, and Parking Area of SBSL provided an authentic industrial backdrop for these sequences, shot at SBSL on December 22, 2024, from 12:30 PM to 5:00 PM.
